

7/13/12

Well Brantley had a young pheasant escape the night before so the following day we took Kat out just to try and find the bird. Roughly 200 yards from the house and 5 minutes and here's what we got! Bird was 6 to 7 feet from her nose even in the heat. All we can say is amazing! Thanks again.

5/26/12

Kat's first night.....

5/26/12

Pick up day...then camping that night....
