Cassie is pointing our cat. The cat actually plays with her some times.

Cassie is doing great.

Thanks,

Roger and Deb,

Cassie has won us over already. She is napping on the family room couch.

She handled the trip just fine. Great pup.

Thanks so much!

She slept in the bed last night and after a round of playing she is asleep on the family room rug. She won't be spoiled at all!

Thank you,
Phil
