Lucy has turned out to be a great dog! We love her to death. Look me up on facebook ive got some better pics of her on there. She has been hunting 4 times this year and we are going to make at least 3 more trips. She honors, holds, finds dead birds. She absolutely loves to hunt! She stays inside with me when we go to the ranch and sleeps in my bed! I'll send some video when I can. Talk to u later. Logan
